

Name _____

Locating Information on an Indiana Map

Use your labeled map of Indiana to answer the following questions

- Name the states that border Indiana on the:
West: South South: East
North: West East: North
- What river forms Indiana's southern border? Lafayette
- What other two bodies of water form portions of Indiana's border? Wabash River and Lafayette
- What direction would you have to travel from Indianapolis to get to Evansville? South
- Name three cities that are north of Indianapolis:
 - 1) South bend
 - 2) Gary
 - 3) Fort Wayne
- List a city that you would find on or near each of these rivers:
White River: Indianapolis
Wabash River: Fort Wayne
Kankakee River: Valparaiso
Ohio River: Madison
- Name a city that is northwest of Indianapolis and close to the Illinois border: Lafayette
- If you were to travel from Terre Haute to Fort Wayne, which direction would you be traveling? North East
- If you lived in Muncie and wanted to go kayaking, which river would you most likely choose? Wabash River
- Explain why some parts of Indiana's borders are straight and easy lines while other parts are jagged and curved.
It is like that because water
curves it like that.
